Features Key:

Escape your Time, and Discover New Worlds The world is divided into seven eras (Ancient, Heroic, Neolithic, Kushidoki, Gugap, Yugonn, and Elden), each containing its own atmosphere. You can freely move between eras, making it possible to enjoy the complete, full experience of the game.

New Style of Gameplay - "You are the Hero" There is a story in which you are active as an entire hero. Through the experience of all game areas, the story is resolved, and you are guided to "the true hero" to help Elden Lords succeed on their lands. Make a bold impact in the world!

Deep Character Development System You can freely customize the appearance and skills of your character, ranging from the appearance of your weapons and armor to your magical skills. You can even customize the various classes and professions to the point where it feels as if every player is playing their own unique character.

New Style of Play - Classic MMO Role-Playing Game You can freely customize your character or cooperate with other heroes as you take on the monsters that threaten the existence of the Elden Lords in their lands. The world that you can immerse yourself into is much larger than what you have played before. The class system that allows for unlimited character creation and customization is reminiscent of old role-playing games.

New Style of Interaction - "Live in the Hearts of Others" Players can directly connect to other players, and through this, it is possible to instantly forget about the fatigue of the repetitive dialogue exchanges present in MMOs. An enhancement of the genre that offers a unique style of interaction.

New Style of Presentation - "Climax in All Dialects" The stories of all the characters were each written by an expert author, and their various pieces are now being presented together.

New Style of Content - "Stories of Elves and Warriors That Feel Like a Brand New Experience" Stories that you have never experienced before are being created with illustrations of an unparalleled level of quality. We have painstakingly recreated ancient elf runes from material gathered to recreate a dazzling fantasy story like no other.
